The FDI Reform: What It Means for Ditto

Govt raised the FDI cap in insurance from **74% to 100%**, effective Feb 5, 2026 (Sabka Bima Sabki Raksha Act), foreign insurers can now fully own Indian entities, no local partner needed.

GST removed on individual life/health premiums, separate reform, same affordability push.

Market Size

Indian insurance market: life premiums alone hit **₹8.86 lakh crore** in FY24-25, but penetration is just **3.7%** of GDP, a large but underpenetrated market, which is the real opportunity, not current volume.

Penetration of GDP

India's Position

India is the world's **10th** largest insurance market by premium, holding approx. **18%** global share.

Ditto's Share

₹100 crore
operating revenue (FY24/25)

800,000+
customers advised

25,000+
consultations/month

In a multi-lakh-crore market, Ditto remains a trust led distribution layer, not a balance-sheet competitor to insurers.

FDI Angle

100% FDI brings more insurers and products to this underpenetrated market, expanding Ditto's advisory options but not demand itself. Ditto's growth depends on converting awareness into advice led purchases, not market size alone.

Ditto's opening

As more insurers and products enter the market, choosing the right policy becomes more confusing. This increases the need for unbiased expert advice. Ditto stands out through certified advisors, honest recommendations, and claims support, offering value that a self service marketplace cannot.

FDI LANDSCAPE & OPPURTUNITIES FOR DITTO

ditto

CURRENT DITTO

- **₹97.1 Cr** — Annual Revenue, FY25
- **86%** — Revenue Growth, YoY
- **13th** / 941 Competitors — Ranked by Tracxn
- **12** — Insurance Partners, Health & Term
- **150+** — Advisors, IRDAI Certified
- **4.9 ★** — Customer Rating, Google Reviews

Current Market Scenario

- India's Insurance Market
- Insurance penetration: **3.7%** of GDP (Global Avg: 7.3%)
- Total Premium FY25: ₹11.93 Lakh Crore
- **74** insurers currently operating in India
- India is the **10th** largest insurance market globally and projected to become 6th by 2032.

Why 100% FDI Matters?

Foreign insurers can now own **100%** of Indian insurance companies.

Expected impact:

- More global insurers entering India
- Higher capital inflow
- Better technology adoption
- Innovative insurance products
- Lower premiums due to competition
